Dear Dalleo,

RE: It has been at least five months since my last inquiry on the current status of my case.

Again, I wish to inquire about the current status of my case, #1:05-cv-92-JJF, because I haven't heard anything recently.

Also, during the initial process of filing this petition, it was revealed that the U.S. Marshals would see to it that copies of this petition would be delivered to each of the defendants in this

case. However, I would like to know if that took place, and if not, how come or why wasn't I given the forms to proceed in that process.

If you can provide for me the above inquiries I would appreciate it greatly.

Sincerely,

James White
